13TH ANNUAL GREAT CANADIAN REAL ESTATE CONFERENCE

The definition of "Great" is "of an extent, amount, or intensity considerably above the normal or average." Until recently, Canada's housing market had certainly been tracking considerably above the norm.

Our real estate conference began more than 12 years ago as an exploration with our clients into the sustainability of Toronto's emerging condo boom. Over the years, it has grown into Canada's premier conference for investors, regulators, academics and industry professionals who want to understand the true dynamics of Canada's residential and commercial real estate markets.

If you buy, sell, invest, regulate or work in real estate, this conference is a must-attend. Our speakers are industry experts who we can count on to provide the straight goods from their "on-the-ground" perspectives.

A regular attendee aptly described our conference as the most "relentlessly honest" one in the country. There is no other conference like it.

Our Conference is attended by:

- **Institutional investors** from many of Canada's largest asset management companies, including mutual fund companies, pension funds and hedge funds.
- **Financial advisors** from some of Canada's most prominent wealth management firms.
- **Private investors**
- **Regulators** from national and provincial bodies;
- **Academics**
- **Economists**
- **Public policy experts**
- **C-suite industry executives** from real estate brokerages, mortgage companies, lenders, developers, asset managers, lawyers and consultants.

Speakers

- **Industry CEOs and executives**
- **Association leaders**
- **Asset managers**
- **Economists**
- **Consultants**
- **Academics and authors**
- **Regulators**
- **Independent analysts**
- **Builders**
