

Job Description

Job Title Investment Analyst
Hiring Manager Darryl McCoubrey, Head of Research

Organization Overview We are Veritas Investment Research, Canada's largest independent equity research firm. Being independent gives us the power to say things that others can't or won't. At Veritas, we say what we mean, we mean what we say, and we do what we say we are going to do.

For the past 20+ years, we have been identifying investment opportunities and evaluating risks for our clients, providing coverage of TSX 60 companies and special situations. Our unique forensic accounting research approach has proven to be a key advantage for our clients as they look to make better decisions and achieve higher returns.

Our clients include some of the most respected pension funds, asset managers, and regulators in North America. Many of our clients have been with us since our inception and we remain committed to meeting their ongoing needs.

Veritas' Guiding Principles:

- Hire, train and develop the best
- Put our clients' interests above ours
- Always be unbiased in our views
- Turn intelligence into actionable ideas
- Facts reveal truths - Lead with forensic accounting-based principles

Our mission is to be the #1 source of trusted, independent research that helps investors make better investment decisions.

Job Type Full-time

Travel % 10%

Job Description As a lead sector analyst, you will perform fundamental equity research and forensic accounting analysis to deliver relevant insights, analysis, and recommendations to our clients. In this role, you will have the opportunity to carve out your own specialty by developing your own coverage universe, focusing on analysis and issues that you think matter, and saying what you really think about a company. At Veritas, our analysts are afforded a high degree of autonomy and have access to some of the largest investors in Canada.

We currently have openings for the following sectors: Energy and Materials.

Key Responsibilities:

- Leading the research coverage for a specific sector.
- Performing detailed, fundamental analysis including assessing companies' business models, operational outlook, financial reporting, and corporate governance.
- Researching and monitoring key sector drivers.
- Performing detailed financial, accounting, and valuation analysis.
- Making investment recommendations and publishing research reports for initiations of coverage, quarterly earnings, corporate transactions, and relevant industry news/ trends.
- Communicating your views to investors and developing relationships with clients.

Job Requirements

- Post-secondary degree, preferably majoring in accounting, finance, or business.
- Accounting or financial designations are required. Preference will be given to candidates with a CPA.
- Prior experience researching, analyzing, transacting or investing in capital markets.
- Prior experience in a sector relevant to this job posting is an asset.
- Advanced understanding of valuation principles and financial reporting.
- Experience in analyzing and modeling complex financial and non-financial drivers of company performance.
- Capable of identifying and communicating investment ideas, in both written and verbal form.
- Ability to organize, direct and complete research tasks in a timely manner, both individually and as part of a team.
- Expert-level MS Office user (Excel, Word, Powerpoint)

Years of Experience 3+ years
